Direct Connect Sell Functionality Brought Online for Sichuan Airlines (3U)

Direct Connect Sell functionality for 3U is now available in all locations nationwide
in all INFINI terminals

On January 25th, INFINI TRAVEL INFORMATION, INC. (Abbreviation: INFINI, Head Office: 4-2-6 Akasaka, Minato-ku, Tokyo, President: Fumiaki Yonesato, Capital: JPY 4 Billion), a company providing the computer-based reservation and ticketing system (CRS), announced the new entry of Sichuan Airlines (3U), and have made available the Direct Connect Sell function.

Direct Connect Sell is a function that directly reserves a seat from the airline host computer and returns a reference of the airline after PNR creation has been completed; allowing travel agents to confirm that the reservation has been properly received and processed by 3U. This allows reliable operation for 3U reservation from any INFINI terminal nationwide, and would improve travel agents' efficiency for reservation and ticketing operation involving 3U.
