

## **Answer Back Functionality Brought Online for AccesRail (9B)**

Answer Back functionality for 9B is now available in all locations nationwide  
in all INFINI terminals

On January 26<sup>th</sup>, INFINI TRAVEL INFORMATION, INC. announced the new entry of AccesRail (9B), and has made available the Answer Back function.

Answer Back is a function that returns a reference of the airline after a reservation has been created; allowing travel agents to confirm that the reservation has been properly received and processed by 9B. This allows reliable operation for 9B reservation from any INFINI terminal nationwide, and would improve travel agents' efficiency for reservation and ticketing operation involving 9B.
